

THERE'S A CERTAIN TYPE OF  
BRAIN THAT'S EASILY DISABLED.

IF YOU SHOW IT AN  
INTERESTING PROBLEM,  
IT INVOLUNTARILY DROPS  
EVERYTHING ELSE  
TO WORK ON IT.

THIS HAS LED ME TO INVENT A  
NEW SPORT: NERD SNIPING.

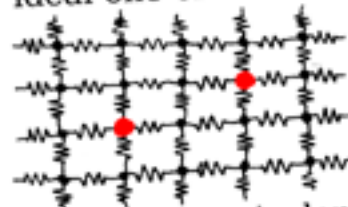

SEE THAT PHYSICIST  
CROSSING THE ROAD?

HEY!

On this infinite grid of  
ideal one-ohm resistors,

what's the equivalent  
resistance between the  
two marked nodes?

IT'S... HMM. INTERESTING.  
MAYBE IF YOU START WITH ...  
NO, WAIT. HMM...YOU COULD—

I WILL HAVE NO  
PART IN THIS.

C'MON, MAKE A  
SIGN. IT'S FUN!

PHYSICISTS ARE TWO POINTS,  
MATHEMATICIANS THREE.
